The Hunt:

We are offering an outstanding "stalk hunt" with cross-country skis in Swedish Lapland. This hunt is a challenge for every hunter - the ultimate hunt for the great Capercaillie and Black Grouse.

We slowly stalk through the beautiful winter landscape using wooden skies that carry us on the deep snow layer, scoping and searching for the big black Capercaillie.

During this programme, our accommodation will be in hunting cabins close to the hunting grounds. The cabins offer warm and modern comfort. We will serve food with local flavours, wild game food- haute cuisine of Swedish Lapland. The unique environment of our hunting grounds offers a forest setting abundant in birds and vast mountain areas, a natural habitat of the great Capercaillie and the Black Grouse.

The Area:

Norrbottnen is the northernmost county in Sweden, with a population of 250,000 people,
160,000 reindeer and 65,000 snowmobiles spread over a quarter of Sweden's total area.
We represent 2.8 % of the Swedish population which totals nine million.

Norrbottnen has 14 local authorities or municipalities. In area, Kiruna is the biggest and
Haparanda the smallest. Luleå Municipality has the largest population – 72,000 - while
Arjeplog has the smallest with just 3,000. Norrbotten contains the highest mountain in
Sweden, Kebnekaise (2,104 m), as well as the deepest lake, Hornavan (226 m). Three of
Sweden's four state-protected rivers run through Norrbotten: the Torne, Kalix and Pite
rivers

To reserve the date we need a down-payment of 50%. The rest is due 90 days before the
hunt starts. Deposits are non refundable.
