

## Driven Bird Shooting – Scotland 2026

**Arrival:** Sunday 1<sup>st</sup> November 2026 & **Departure:** Sunday 8<sup>th</sup> November 2026

### Accommodation:

We have the pleasure in offering you this stunning sporting farmhouse and steading property situated within the sporting estate that your three days of driven bird shooting will take place. This places you on-site for your visit to Scotland and enables you to relax fully.

This property is offered for seven nights full board, with all meals provided and light soft drink refreshments. There is the opportunity to have alcohol delivered to the property for our guests (at their own expense) prior to their arrival.

### KEY FEATURES

- Luxury lodge with hot tub for your exclusive use
- Restored farmhouse with modern steading properties clustered around a central courtyard
- Beautifully appointed double bedrooms, all with en-suite bathrooms
- Modern, stylish dining for guests within the farmhouse
- Luxury designer kitchens all with modern conveniences

- Patio furniture and barbeque with utensils
- Fabulous views over the stunning countryside
- Excellent country sport
- Practical storage for hunting equipment

This magnificent luxury property perfectly combines modern living with country charm and period style for our guests. Set in a private but highly accessible rural location in Perthshire, the former farmhouse and adjoining steading with hot tub boasts stunning views over the heather-clad hills, fields, and streams.

Our chef will provide all meals, and food is sourced from local suppliers. Guests will enjoy some of Scotland's finest foods hand-made and served by the in-house staff.

We can also provide airport transfers for our guests during their visit (subject to additional cost and prior arrangement). Transport within the sporting estate on shoot days is included in the offer.

## Driven Bird Shooting:

During your stay at the sporting estate in Perthshire, Scotland, we will provide three days of driven mixed species bird shooting. Pheasants and Partridges will be the quarry and each day will be provided for six shooting guests. This estate has been carefully chosen for you and is the winner of Best Sporting Estate and Best Sporting estate Accommodation provider – Scotland.

The three days of driven bird shooting will be for up to 200 birds each day for the team of six shooting guests. There may be the opportunity to shoot over the agreed limit as this estate is able to offer much larger days for teams of experienced shooting guests (200 – 600 bird days are possible). This can be arranged by prior agreement, or during the visit to the shooting estate at the discretion of the shoot captain/head keeper.

For such a trip, we will provide our guests with loaders/minders to support them on their sporting adventure. This ensures a premium experience and safety for all persons present. It also enables our guests to relax and fully immerse themselves whilst visiting one of the best sporting estates in Scotland.

Hire guns are available for our guests and cartridges can also be provided. The cost of this is shown in the “extras” section below. Or, if guests prefer to travel with their own firearms, we can act as sponsors and make the necessary arrangements for UK Visitors Permits to allow guests to visit the UK with their own shotguns.

**Total cost: £11.950 incl. VAT per guest (based on minimum of six shooting guests).**

**What's included:**
